Amenities

The stunning Mayflower Park is situated alongside the remarkable Colorado River in Blythe, California, only 25 miles west of Quartzsite Arizona. The clear blue of the river mimics the beautiful blue skyline with spacious green grass nestled in between. With numerous water and land activities, finding something to do is never a problem.

Mayflower Park is extremely accommodating with fishing, picnic and barbecue areas. The Park also has magnificent day and overnight use with 152 roomy RV sites with water and utilities, as well as 27 additional lovely dry camping sites.

Mayflower Park is a one of a kind park with breathtaking open fields and gorgeous willowing trees perfectly placed along the dazzling Colorado River. The view alone is worth the visit, but the endless activities create lasting memories.

Desert Activities

- When exploring the desert, you can't miss the Blythe Intaglios, giant figures carved into the surface of the desert just north of town. The largest measures approximately 165 feet in length.
 - The Blythe desert is also popular for self-guided rock collecting excursions. Geodes are a common find in this part of the desert, known as the Wiley's Well district.

Mayflower Fun Facts

- In an effort to improve access and enhance visitor's experience, \$1.26 million was invested into Mayflower Park for renovations and completed in January 2017.
- As part of the project, the park district created Americans with Disabilities Act compliant walkways, improved the parking area and replaced the existing 40-year-old restroom with a new restroom and shower facility that is centrally located and energy-efficient.
- Approximately half of the funding was from a \$620,000 grant the park district received from the California Boating and Waterways Commission in 2012.
