

- Non-County Public and Quasi-Public Lands Trails
- City Boundary
- Area Plan Boundary
- Bureau of Land Management (BLM) Lands
- Miscellaneous Public Parks and Forest Lands
- Waterbodies
- Highways

Data Source: Primarily Riverside County Regional Park and Open Space District, with assistance from Riverside County TUMA/Transportation and Planning Departments, Riverside County Economic Development Agency, and other local, state, and federal recreational services agencies.

Note: Trails and bikeway maps are a graphic representation identifying the general location and classification of existing and proposed trails and bikeways in the unincorporated area of the County. All questions regarding precise alignment or improvement standards should be referred to the Riverside County Regional Park and Open Space District.

Note: Except for major regional facilities, trails and bikeways systems located within cities are generally not shown. Where trails and bikeways exist or are planned in the unincorporated area in such a manner that there are opportunities for connections with existing or planned trails and bikeways within adjacent cities, an arrow symbol is used to show the approximate location of the intended connection opportunity. The reader should contact the appropriate city for all information about that city's existing or planned trails and bikeways systems.
